Registration form for Tier II raw milk direct-to-consumer milk sales

This registration form is required for dairy farms that wish to sell more than 12.5 gallons of raw milk per day or wish to deliver their milk. Please fill out the upper table on this form and return it to your local dairy inspector or to the dairy office at the address above. If done electronically, email the form to agr.dairy@vermont.gov

Farm name			
Physical location (911 Address)			
Farm contact Person			
Mailing Address			
Phone number		Email	

Once the registration is completed a copy will be sent to the dairy farm at the contact listed above.

Check list for office use only

	Date	By whom
Passing inspection including Tier II items		
Date of first acceptable milk quality test from approved lab		
Date registration accepted		

This registration remains in effect as long as the farm has a current (within the past 13 months) inspection and test results are current (two per month with one within the past three weeks).
